A number of successful socials this term. Collaborating with other societies is very productive.

No outstanding debts that aren't being managed.

The recommendations of the Junior Treasurer made in the 3rd Week General Meeting were implemented which have led to more profitable L and Ls.

The Junior Treasurer is cautiously optimistic about the finances so long as we maintain good habits. Nothing in particular is going badly.

The Senior President asks the effect of a lack of new members on the finances. The Junior Treasurer notes there have been some issues with the membership ledgers. Future Treasurers may wish to work harder at selling memberships at the door.

The Membership Officer notes that all members have remained members. Notes limited work on his duties of contacting people who are graduating, as he has not had access to the necessary documents.

Elections

The Returning Officer introduces himself. Notes that Joseph Kay (Ex-Senior Deputy Returning Officer, *Worcester*) will be speaking on behalf of None of the Above.

Antonio Reis - candidate for President

OSLA has grown a lot this year. Has been involved in a number of different positions and learnt how the society works.

The first member of the class of 2028 to run for President. Nice to know that there is younger voices moving the society in a new direction.

Wants to expand OSLA's charitable work, wants to make OSLA more welcoming and inclusive, wants to deepen collaboration with other societies.

The Senior President asks how he will get freshers onto committee, and whether he will commit to annual dinner.

Commits to annual dinner. Wants to expand college reps and outreach.

Henry Nicholls - candidate for Treasurer

Being Secretary means you see how everything in the society works. Has been secretary of OSLA, as well as secretary for OUCC - where they raised £15000 for a tour. Has also been on the Union's governing body.

Wants to look more at collaborations.

Poppy Watts - candidate for Secretary

Has seen the amazing job that Henry has done this term. Have worked on becoming a friendly face here and in other societies. Promises to uphold the template. Felt really at home here.

The Junior Secretary asks what your favourite font is. The Social Secretary says she liked the font used on the manifestos.

Isabelle McElvanney asks about justified text? The Senior Secretary greatly approves of this question.

Poppy says that she likes columns.

Joseph Kay (Ex-Senior Deputy Returning) - for None of the Above

Approach to elections is 'are they Zagham?' None of the candidates are Zagham, nor are they Jesus or Muhammad. The Ex-Senior Deputy Returning notes he doesn't know history.

It is important to consider that candidates may be bad. Candidates can always be better. Holding candidates to account is good.

Many people in dictatorships can't vote, for example North Korea. Our benevolent dictator (Zagham) allowed for democracy when the rules were passed. The Ex-Senior Deputy Returning notes he thinks that Zagham is the final arbiter of the rules¹.

We should be grateful to Zagham and therefore vote, especially as so many other people can't vote.

The Senior Secretary notes that Kim Jong-Un actually won over 90% of the vote in recent North Korean elections, and asks why is he criticizing the North Korean constitution? The Ex-Senior Deputy Returning this is fewer votes than Zagham received when he ran for SU President, and that North Korean justice is excessive.

The meeting was closed at 19.17, and the results of the election were announced at Liquor and Liberalism.

Minuted by Zagham Farhan (Senior Secretary & Ex-President).

Minutes ratified by Council at a meeting on 19th July 2026.

¹ This is constitutionally incorrect.
